Introduction

Flyp10 is designed to help you hold a virtual competition in real-time. This means you can host a competition with multiple clubs and dozens of athletes, all competing at the same time, while in different locations. Much of your initial set-up will start at usagym.org by creating your Sanction and registering clubs and athletes. To complete the setup of your virtual competition, you'll use Flyp10 for three key functions:

- Assigning Judges to Panels.
- Enabling video uploads of performances by your registered coaches and athletes.
- Determining the level of scoring detail you expect the judges to provide in their scorecards.

In this guide, we will walk through the basics of managing these three functions. The most important requirement for a smooth competition is to ensure all athletes, coaches and judges have a Flyp10 account with their USAG MembershipID linked to it. We cover linking MembershipID in our Account Management Guide.

Creating Your USAG Sanction for a Virtual Competition

You will create your USAG sanction using the meet reservation system at usagym.org. When setting up the sanction for a Virtual Competition, select the following:

Event Type: *Virtual*

Virtual System: *Flyp10*

Flyp10 works directly with your USAG sanction once it is created. All key information from your sanction is delivered to the Flyp10 platform. Flyp10 even communicates back to USAG, providing the Flyp10 account status of athletes, coaches and judges in your sanction. USAG will contact any enrollees who do not have a Flyp10 account with a linked USAG MembershipID. USAG will send a reminder that a Flyp10 account is required for participation in your competition.

As a competition organizer or administrator, you will also need to create a Flyp10 Competitor account to access the organizer tools in Flyp10.

Organizer access and creating Event Meets

Organizers and administrator will see three 'Event Meet' Menu items in their Flyp10 account when they log in to Flyp10.com. In Flyp10, Event Meets are the groupings of judges' panels you can create for your competition. You can think of them like large, multi-gym sessions within a competition. For most virtual sanctions, you may only need one Event Meet for your all your judging assignments.

Multiple Event Meets may be required if you wish to split judges across individual levels for reasons such as:

- Splitting specific levels across different age groups.
- Splitting specific levels across different days where judges' availability may be limited.

Like a live competition, if you wish to minimize the number of Event Meets and the number of routines a judge will need to view, you may wish to assign groups or pairs of judges to only one or two events and only for one or two levels. You can assign unique sets of judges for each event at each level within a single Event Meet.

We recommend you start creating your Event Meets only after you have judges assigned to your sanction and those judges have Flyp10 accounts with their MembershipID linked. We also recommend starting after your registration is closed off.

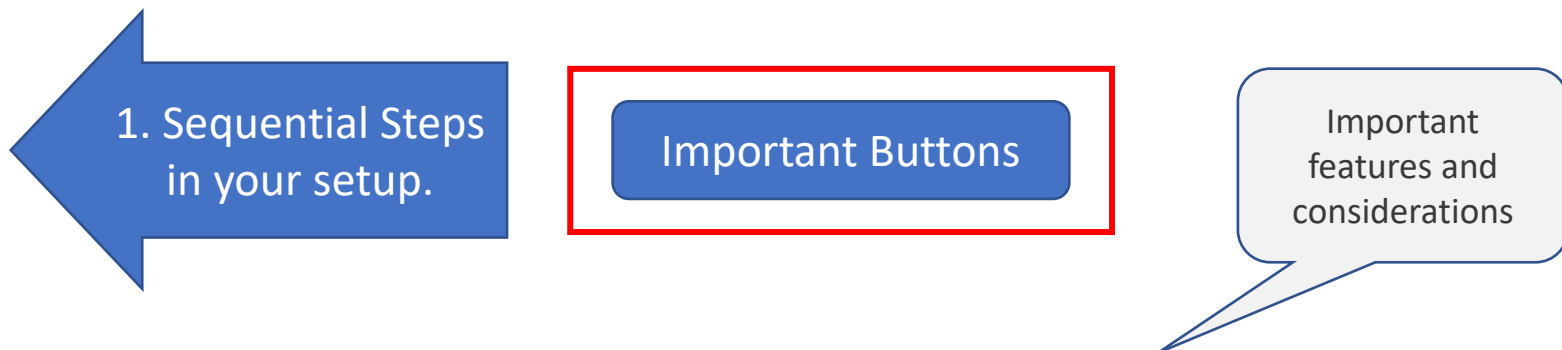

Using the guidebook

Flyp10 Event Meets have a lot of features and functionality. In this guidebook, we will walk you through basic functionality and setup required to get your sanction and Flyp10 Event Meets ready ahead of the competition dates.

The most important setup will be the assignment of judges to your competition's panels. The specific steps for assigning judges will be noted with a blue arrow that contains the step sequence number and a description of that step. Red boxes denote a navigation or processing button to click. The dialog call-outs are important considerations or features on that Flyp10 screen.

Please look for the sequential arrows if you wish to progress quickly through the panel assignment process.

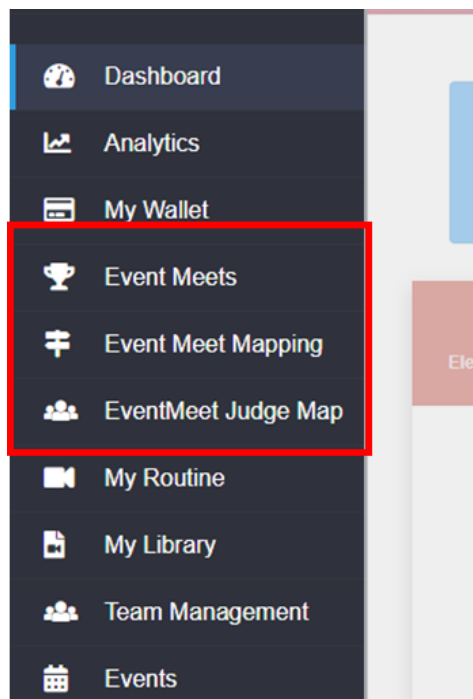

Getting Started

Flyp10 provides organizers with three menu features/screens for creating, editing and managing the Event Meets for your sanction. It is best to log in and manage your virtual sanction using a web browser.

Go to flyp10.com and click 'Get Started' at the top of the page.

Below is a brief description of each menu item organizers will see after log in and their function when managing a virtual sanction.

Event Meet Menu Items	Description
Event Meets	See your Sanction and begin to create and edit the Event Meets including the style of scorecard you wish to use. This is your overview starting point.
Event Meet Mapping	View and edit (if necessary) all the competitors and coaches who can compete in your Virtual Competition.
Event Meet Judge Map	Assign the judges' panel positions for each Event Meet.

Event Meets – Sanction Overview

In Event Meets, you will see all your current and recent Virtual Sanctions. Click on the blue action button to view or edit that sanction.

1. Select Event Meets

My Sanctions

SN	SANCTION NAME	SPORT NAME	START DATE	END DATE	ACTIONS
1	FlypTest WGym	Women	10/15/2020	10/17/2020	
2	DemoTestSanction	Women	10/30/2020	11/01/2020	
3	Test Virtual Open	TT			
4	Demo New Sanction	Women			

2. Click the Edit button to open the Sanction Details

Event Meets – Sanction Details

- At any time you can get a summary of your registered participants by clicking on the Flyp10 Account Status button.
- To view or edit a previously created Event Meet, click the Action buttons.
- To create a New Event Meet, click on Add Event Meet.

Sanction Details

Sanction Name	DemoTestSanction	Sport Name	Women

[Flyp10 Account Status](#)

[+ Add Event Meet](#)

SN	EVENT NAME	END DATE	ACTIVE	ACTIONS
1	Group A	Womens Gymnastics	✓	Edit View

Items per page: 10 1 - 1 of 1

3. Click here to add Event Meets to this Sanction.

Event Meets – Event Editor

- Give this Event Meet a unique name (e.g TriState Invite). Select the Levels and Events this group of judges will be judging. Remember, some sanctions can be managed with a single Event Meet listing all levels and events.
- Select the type of Scorecards you want the judges to complete. (See Scorecard types in the appendix)

The screenshot shows the 'Event Editor' interface. On the left is a dark sidebar with navigation links: Dashboard, Analytics, Events, Notification, My Profile, and Help & Support. The main content area is titled 'Event Editor' and includes a 'View Sanction Details' button. Below the title is a form with the following fields: 'Event Name' (empty), 'Start Date' (10/30/2020), 'End Date' (11/1/2020), 'Womans Gymnastics', 'Level', and 'Event'. Underneath the form is the 'Scoring Type' section with two radio buttons: 'Score Only' (selected) and 'Score with Judges Notes'. There is also an 'Active' checkbox and 'Save' and 'Cancel' buttons. A 'Judges Details' button is located to the right of the form. Two blue callout boxes with white text provide instructions: one points to the 'Event Name' field, and the other points to the 'Scoring Type' section.

6. Review all your selections, select Active then Save.

Event Meet Judge Mapping

- Navigate to Event Meet Judge Map on your Menu.
- A panel of judges must be set for each combination of level and event.
- Click on Add Judges to begin panel assignments.

The screenshot shows the 'Event Meet Judge Mapping' interface. On the left is a dark sidebar menu with the following items: Home, Add, Event Meet Mapping, **EventMeet Judge Map** (highlighted with a red box), My Routine, My Library, Team Management, Events, Notification, My Profile, and Help & Support. The main content area is titled 'Event Meet Judge Mapping' and contains the following fields: EventMeet Name (Group A), Sport (Womens Gymnastics), Level (WLEVEL10), and Event (Floor - WGym - Comp). Below these fields is a 'Score Calculation: Avg(J)' section with a red box around the '+ Add Judges' button and a 'Map' button. To the right is a 'Judges Details' section with a table showing 'Level: WLEVEL10 Event: Floor - WGym - Comp' and a list of panels: 'Panel: J', 'ctom -411 -55', and 'ctom2 -438'. Each panel has a red trash icon. A callout box points to these panels with the text: 'Previously selected panels for that Level/Event are listed here.'

7. Select EventMeet Judge Map

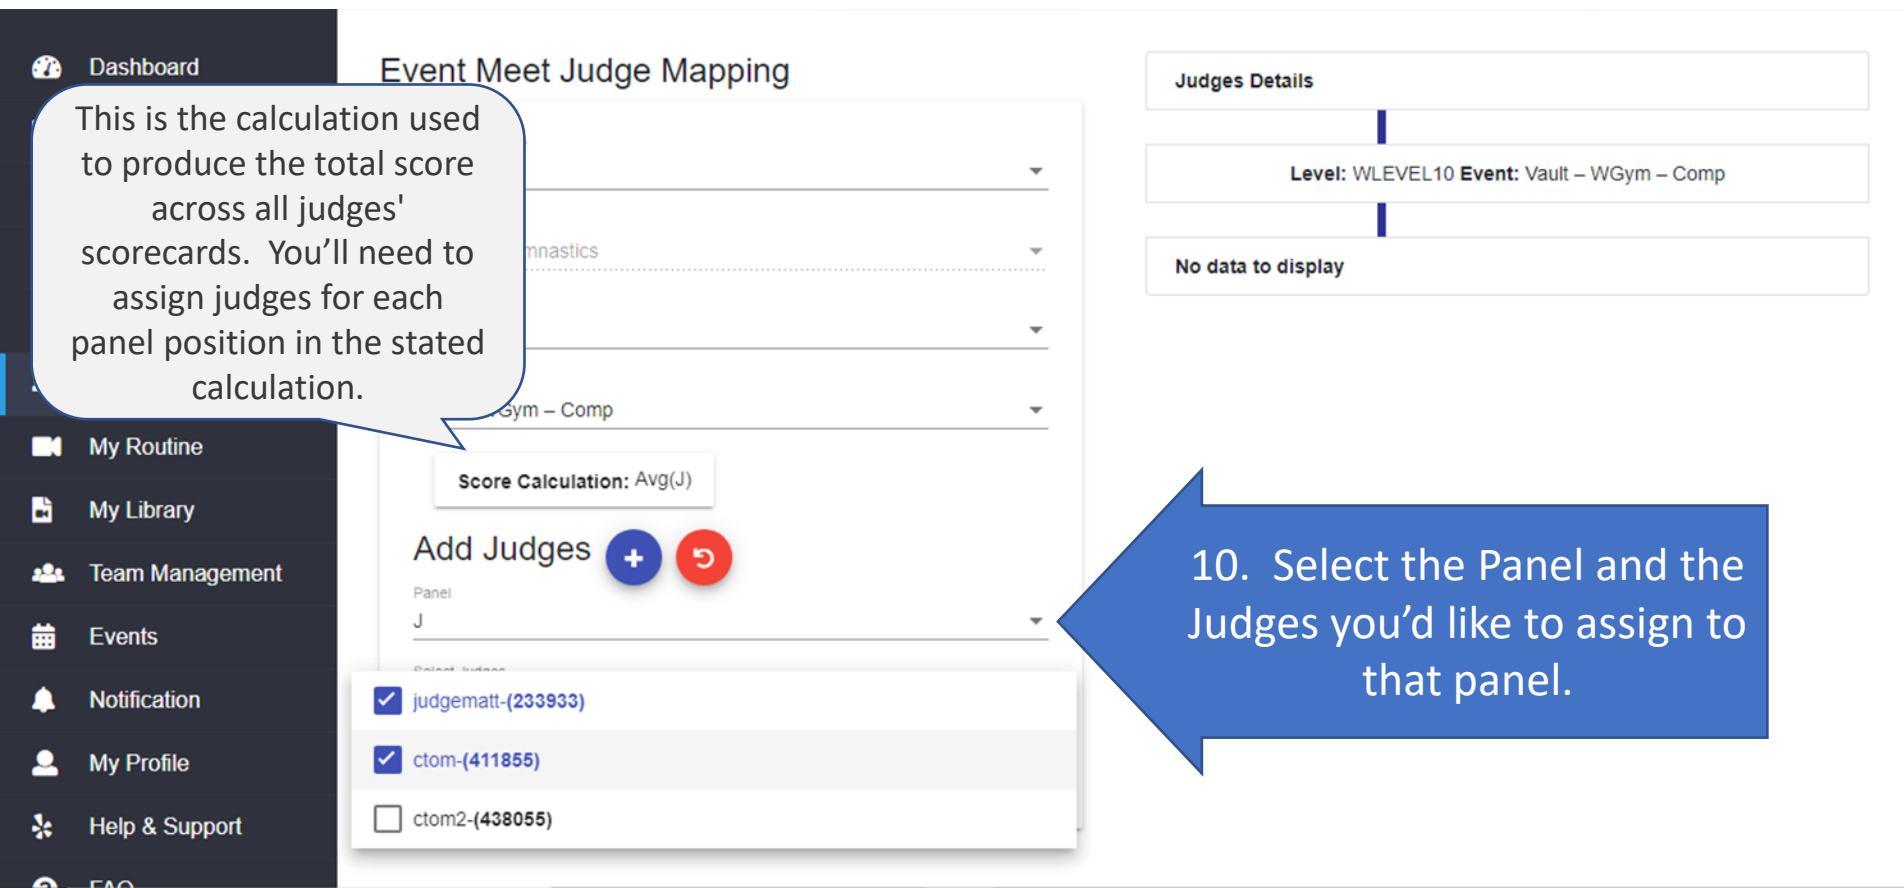

8. Select the Event Meet you named in step 4. Then select the Level and Event for judge assignment.

9. Click on Add Judges to begin or add panel assignments for that Level and Event.

Previously selected panels for that Level/Event are listed here.

Event Meet Judge Mapping

- Select the panel and the judge(s) you wish to assign for that level and event.
- Only judges who have Flyp10 accounts with linked MembershipIDs listed in your sanction are listed for assignment.
- You can add as many judges as your scoring calculation permits.

The screenshot shows the 'Event Meet Judge Mapping' interface. On the left is a dark sidebar with navigation items: Dashboard, My Routine, My Library, Team Management, Events, Notification, My Profile, and Help & Support. The main content area has a title 'Event Meet Judge Mapping' and a 'Score Calculation: Avg(J)' dropdown. Below this is an 'Add Judges' section with a '+' button and a red refresh button. A dropdown menu is open, showing a list of judges with checkboxes: 'judgematt-(233933)', 'ctom-(411855)', and 'ctom2-(438055)'. A blue callout bubble on the left explains the score calculation. On the right, a 'Judges Details' section shows 'Level: WLEVEL10 Event: Vault - WGym - Comp' and 'No data to display'. A large blue arrow points from the 'Add Judges' section to the right, with text '10. Select the Panel and the Judges you'd like to assign to that panel.'

Dashboard | **Event Meet Judge Mapping**

This is the calculation used to produce the total score across all judges' scorecards. You'll need to assign judges for each panel position in the stated calculation.

12. Click the Map button to save your Mapping selections. This is the last step in assigning judges to panels.

You can delete judges from a panel by clicking on the trash can.

Event Meets – Event Editor

- You can return to your Event Editor screen to see all the judging selections you've made for each Event Meet.
- Make sure you've made all the assignments for the events and levels in your competition.

The screenshot displays the 'Event Editor' interface. On the left is a dark sidebar with navigation options: Dashboard, Analytics, My Wallet, **Event Meets** (highlighted with a red box), Event Meet Mapping, EventMeet Judge Map, My Routine, My Library, Team Management, Events, Notification, My Profile, and Help & Support. The main content area is titled 'Event Editor' and contains a form with the following fields:

- Event Name: Group A
- Start Date: 10/20/2020
- End Date: 11/1/2020
- Sport: Womens Gymnastics
- Level: WLEVEL08, WLEVEL09, WLEVEL10
- Event: Floor - WGym – Comp, Vault – WGym – Comp, Beam - Comp, Une...

Below the event details is the 'Scoring Type' section with two radio buttons: 'Score Only' (selected) and 'Score with Judges Notes'. There is also a checked checkbox for 'Active'. At the bottom of the form are 'Save' and 'Cancel' buttons.

To the right of the event details is a 'Judges Details' section with two identical blocks. Each block contains:

- Level: WLEVEL10 Event: Floor – WGym – Comp
- J: judgematt -233933
- J: ctom -411855

Event Meet Mapping

- The Mapping screen is a list of all the competitor accounts who are invited and eligible to upload for your sanction.
- This list is automatically updated from your Sanction and typically does not require any changes by the organizer.

Support

Flyp10 is here to support you and your set up of a virtual sanction. For additional support, contact our Meet Director support team at:

Email: meetdirector@flyp10.com

Our Meet Director team can help you:

- Answer key questions about your Virtual Sanction and creating Event Meets.
- Schedule a time for a live phone call or video conference to help you get started or finish things up.
- Troubleshoot any sticking point you may encounter.

Appendix – Scorecard Types

Flyp10 can deliver two types of scorecards to your judges and then to your competitors.

- Score Only
- Score with Judges Notes

Both have an Overall Comments box for the judge to pass a few instructive words back to the competitors. The selection of scorecard type will depend on how you are organizing your competition and the expectations of your competitors and judges.

Scorecard Type	Pros	Cons
Score Only	Allows for a simple entry of that panelist's score, and a brief overall comment.	Very limited in providing consistent details about how the score was derived by each judge.
Score with Judges Notes	Provides the scorecard as a rich, educational tool for the athlete, coach and parent.	Requires extra entry notations by the judges which can slow down the return of scoring results.

Appendix – Scoring Calculations

Each discipline has its own scoring calculations. Some are dependent on the level, the type of event and the role of the panelist. Here is a summary of these calculations and descriptions of the different panel roles.

Sport Level Event	All Current Styles
Mens & Womens	$Avg(J)$
Rhythmic Levels 9, 10, ELITE	$Avg(D1) + Avg(D3) + (10 - (Avg(AE) + Avg(TE))) - ND$
Rhythmic Levels 3-8	$D1 + AE + TE$
Acro	$DJ + (Avg(EJ) * 2) + AJ - CJP$
T&T Levels 8-10 Routine 1	$Sum(E) - (CJP/DD)$
T&T Levels 8-10 Routine 2	$SUM(E) + DD - (CJP/DD)$
T&T Levels 1-7	$Sum(E) - CJP$

Sport	Judge Codes	Judge Full Name
Womens	J	Artistic Judge
Mens	J	Artistic Judge
Rhythmic	D1	Difficulty 1 & 2
Rhythmic	D3	Difficulty 3 & 4
Rhythmic	AE	Artistic Execution
Rhythmic	TE	Technical Execution
Rhythmic	ND	Neutral Deductions
Acro	DJ	Difficulty
Acro	EJ	Execution
Acro	AJ	Artistry
Acro	CJP	CJP
T&T	E	Execution
T&T	DD	Difficulty
T&T	CJP	CJP
